Processed with VSCO with al1 preset Cut an 18 inch tail. Weave in all ends.

Turn right side out. Using your yarn needle, stitch a running stitch all the way around and pull to close. This is the bottom of your pumpkin.

Make a secure stitch then pull yarn through the center towards what now is the top of your pumpkin.

Stitch a running stitch all the way around.

Stuff Polyfil and close the top leaving a small opening for your cinnamon stick.

Pull your yarn down to the bottom and back to the top a few times always coming back to the center of the pumpkin. This will help create that pumpkin shape. Secure and fasten off.

Add the cinnamon stick and ta da. You've made a pumpkin.
