Good day, fellow crafters! As an extension of my post about the Knit Stitch Basket (free crochet pattern) , I've decided to share another basket creation of mine! This one has base that is similar to the Knit Stitch Basket, but I've added some additional texture and variations in stitching to make it look more interesting!

Below is a side-by-side visual comparison of the two.

For this textured basket, I used 'Bernat Maker Outdoor' yarn. It's a bulky, weight 5 yarn that is essentially a chainette tube filled with polyester stuffing. That makes it super unique compared to most other yarns I've used, and it's so fun to work with!

What's nice about this yarn is that it's also machine washable for easy care. For this basket in particular, I used the two colors 'Fresh White' and 'Sandy Beach'. A nice and clean color combination, I believe!

If you'd like to make one of these baskets for yourself, please check out my pattern below! Copyright Notice -- © 2019 Sweet Softies (www.sweetsofties.com). Introduction: The Textured Basket pattern provides easy instructions for crocheting a simple, chic, and functional basket featuring various crochet stitches and techniques, including the single crochet, slip stitch, crocheting in back loops only, and the knit stitch. This basket is relatively quick to work up, yet maintains a lovely look.

While it is a beginner-friendly crochet pattern with video tutorials and photo references, there are many ways to customize it to give it a unique and special look! For example, play with different yarn colors, or add embellishments (e.g., buttons, flowers, bows) to make it the perfect, personalized item for your home or as a gift to a cherished one! Size: Base diameter: 10 inches Basket height: 6 inches Level: Familiar Beginner. Requires knowledge of or willingness to learn the stitches used (below) and changing colors.

The pattern is written for the entire basket to be worked in a continuous spiral, meaning the rounds are not joined. However, if you would like to join rounds, you may do so by adding a "ch 1"

to the beginning of each round and finishing with a "slip stitch to join to the first stitch" at the end of each round.
